

## IBUR Data Uploading Instruction

You can send your CT scan files to IBUR easily by electric transfer through a HIPPA compliant server from our website:

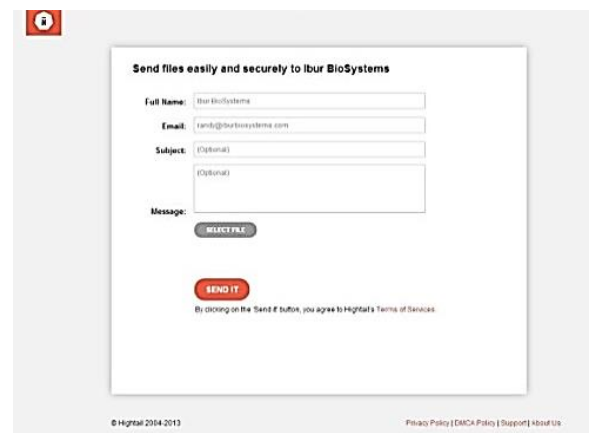

1. Copy all of the **Multifile DICOM files** into **1 folder** with the names of the doctor and the patient as the folder name (Please do not send files individually).

File name example: C:\Dr Smith – Jones

2. Compress the folder into a single zip file
3. Visit our website contact page to upload:

<https://www.iburbiosystems.com>

4. Click on “UPLOAD DICOM FILES”. You will be lead to HighTail site “Send files easily and securely to IBUR BioSystems”.
5. Fill out the form. Make sure to put the doctor’s name and the patient’s name in the subject section just like the compressed Zip File. Also include the following in the message section: (1) Planned implant sites, (2) Implant brand name and size, if known (3) Additional Information (e.g. existing bone graft) if any,

The screenshot shows a web form titled "Send files easily and securely to Ibur BioSystems". The form includes fields for "Full Name" (with "IburBioSystems" pre-filled), "Email" (with "rand@iburbiosystems.com" pre-filled), "Subject" (with "(Optional)" pre-filled), and "Message" (with "(Optional)" pre-filled). Below the message field is a "SELECT FILE" button. At the bottom of the form is a red "SEND IT" button. A small disclaimer at the bottom of the form reads: "By clicking on the 'Send It' button, you agree to HighTail's Terms of Services." The footer of the page contains "© HighTail 2014-2013" and "Privacy Policy | DMCA Policy | Support | About Us".

6. Select the compressed file, and then click on “SENDIT”.
